RAY CRIMSON S RENEGADE GUIDE TO DATING 2.0 (PAPERBACK)

CompletelyNovel.com, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Version II - a slightly longer modified version to the first edition, the text has been cleaned and streamlined, the meanings made more punchy with no apologetic tones in sight.but the game still remains the same - The 21st century heart and mentality has been hit by something that no other age has ever had to deal with: The Digital Experience. We are a fast moving, mobile, on-demand age, studying and working longer than we ever did in the past. We now think that love is something that just happens to us and we have become lazy and ill-equipped to hunt, communicate and find true functional love. We only look out for what we can get rather than seeking a cooperative existence, a design for a lifelong partnership.well that all ends here! As human beings there are some DNA driven motives that seldom change through the ages, but beyond navigating our biological destinies, we have to crush cliches, chuck out redundant methods of thinking and recognise that there have been so many cultural and societal movements, that to try and operate with no new strategy, is like trying to play the piano with your nose.yes it can be done, but is it the best way to play?.
