### **Reviews**

*A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.*

*(Dr. Grady Jacobi DDS)*

## THE CHALLENGE OF EVOLUTION: IS THERE A CREATOR? WHAT IS HE LIKE, AND HOW DID HE CREATE THE UNIVERSE?

Tate Publishing Enterprises, United States, 2009. Paperback. Book Condition: New. 206 x 132 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Can an intelligent person believe that God created the earth in six days and that the universe is just thousands of years old? In today's postmodern atmosphere, is it rational to believe in God, objective truth, and moral absolutes? Atheistic evolution, with its reliance on philosophical naturalism as a major presupposition, wants to say that mere chance is the only explanation for the universe. Yet, is this true? Should Christians be forced to abandon their faith just because their college textbook tells them to do so? With the onslaught of the New Atheism, it is high time for Christians to know what they believe and why they believe it. When modern philosophers and scientists mock faith, ignore the Creator, and reject the authority of the Word of God, Christians need to be armed with the proper tools in order to combat such philosophies. Join new author Paul Myrant in *The Challenge of Evolution* as he gives a rational justification for the belief in God and the Bible. Students, teachers, and professors will find Paul Myrant's arguments insightful, intriguing, and compelling as they search for the truth concerning the origins of the universe. Paul Myrant, a graduate of Talbot Seminary, received his Master of Arts degree in biblical studies. He and his wife, Jan, have been married for 31 years. They have four children and three grandchildren. He has served as a senior pastor, teacher, and coach for over three decades. Paul's wide range of experiences and interactions with people has prepared him to understand and address the complexities of creationism and evolution.
