

Government 2.0: Using Technology to Improve Education, Cut Red Tape, Reduce Gridlock, and Enhance Democracy

By William Eggers

Rowman & Littlefield Publishers. Hardcover. Condition: New. 310 pages. Dimensions: 9.0in. x 6.2in. x 1.1in. Unhyped and therefore unnoticed, technology is altering the behavior and mission of city halls, statehouses, schools, and federal agencies across America. From transportation to education to elections to law enforcement (or, as were now referring to it, homeland security), the digital revolution is transforming government and politics, slashing bureaucracies; improving services; producing innovative solutions to some of our nations thorniest problems; changing the terms of the LeftRight political debate; and offering ordinary people access to a degree of information and individual influence until recently accessible only to the most powerful citizens, finally redeeming the Founding Fathers original vision for our democracy, and enriching American life and society in the process. Based on interviews with over 500 leading politicians, researchers, technology industry CEOs and leaders, futurists and front-line public employees, Government 2. 0 journeys across America and overseas to demonstrate the promise and perils of this emerging world and offer a likely road map to its implementation. Youll hear from technology executives preparing for an onrushing future when, for many citizens, most government interactions could take place on private-sector websites; from bureaucrats like OSHAs Ed Stern fighting...
