Return to Thomas Lawson Binninger s Thunderstruck Series with All in a Dark Matter of Time, the first book in the Spacecrafter Trilogy. With a dozen nations united in a bold venture to colonize another star system, the Oversight Committee is understandably concerned with safety, especially after the revelations of Project Chrysalis. To ensure the colonists success, the committee orders a team of engineered insect-like Stealth operatives to infiltrate the Aphelion, Earth s first interstellar ship. Trey and Tysha, who discovered the secrets worrying the Oversight Committee, command the Stealth team. The need for their presence becomes apparent shortly after the Aphelion leaves the solar system. Attacked by an alien ship, the colonists are thrown off course, the outcome of their trip suddenly in doubt. Trey, Tysha, and their comrades are about to discover the power of the Overlords and the threat they pose to humanity. They re also going to discover that humans and Stealth have unexpected abilities-abilities the Overlords now seek to eradicate. A psychological thriller set in the cold depths of space, All in a Dark Matter of Time chronicles a new chapter in humanity s quest for the stars-and the consequences we may find there.
