LETHAL CIRCUIT: A MICHAEL CHASE SPY THRILLER

Fantastic Press. Paperback. Book Condition: New. Paperback. 342 pages. Dimensions: 8.0in. x 5.0in. x 1.0in. For Lee Child, Robert Ludlum, and Clive Cussler Fans Make no mistake: The sky will fall. The Third Reich created many lethal weapons. But none as lethal as this. A lifetime ago, the invention of a radical new technology allowed the Nazis to nearly win the Second World War. Now, nearly 70 years later, the technology that would have resulted in Hitler's victory is about to be revealed to the world. If it is, everything that we know will be transformed forever. The Green Dragon Group will stop at nothing to keep this from happening. Watching events unfold from high above Tokyo, the Green Dragons are good at keeping secrets. Since their first meetings in the days of the Samurai they've kept their radical beliefs hidden while keeping a firm grip on global power. And the Dragons have hidden more than their beliefs. They've also hidden the secret Nazi technology from the prying eyes of the outside world. But as everybody knows, nothing stays hidden forever. Nobody understands this better than Michael Chase. Michael came to Hong Kong to find his missing father. Now, caught in the crossfire on the wrong side of the tracks, Michael finds himself staring down the first clue to his father's whereabouts. Michael, however, isn't alone. Crouched in the shadows, Kate Shaw watches. Her mission is to find the Nazi weapon and she intends to use Michael to help her, with or without his consent. Together, they travel to mainland China in a race to unravel a global conspiracy and learn the truth about the hidden Nazi device. But they need to be careful and they need to work quickly. Because they aren't the only ones looking. And if they don't hurry,...
