Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from American Company Shop Committee Plans: A Digest of Twenty Plans for Employees Representation America has historically been fertile ground for experiments in democratic organization. We have been working out the problem of representative political government for a century and a half, and we are still in the experimental stage. But while we have arrived at no final conclusion, certain important principles have been established. The limitations of purely political representation have become clear. We know that effective democratic government must take account of other organizations than those normally described as political; that the principle of democratic representation and control must be applied to economic and industrial organization as well as to geographical areas and political parties. Now that the urgency of extending representative methods to industrial life is more and more widely appreciated, it is encouraging to believe that we may have learned from our political history what mistakes can be avoided, what experiments require no repetition. The present analysis of company plans for the introduction of the principle of representative government into industry reinforces...

Reviews

This book is great. It is written in simple words and not difficult to understand. I discovered this pdf from my dad and I suggested this ebook to find out.
-- Prof. Webster Barrows

This ebook is fantastic. We have read and I also am confident that I am going to go to read through again yet again in the future. I am easily can get a pleasure of reading a published ebook.
