## EARTH SHATTERING: ECOPOEMS

[DOWNLOAD PDF](#)

Bloodaxe Books Ltd. Paperback. Book Condition: new. BRAND NEW, Earth Shattering: Eco-poems, Neil Astley, "Earth Shattering" lines up a chorus of over two hundred poems addressing environmental destruction. Whether the subject - or target - is the whole earth (global warming, climate change, extinction of species, planetary catastrophe) or landscapes, homelands and cities (polluting rivers and seas, fouling the air, felling trees and forests), there are poems here to alert and alarm anyone willing to read or listen. Other poems celebrate the rapidly vanishing natural world, or lament what has already been lost, or even find a glimmer of hope through efforts to conserve, recycle and rethink. Earth Shattering's words of warning include contributions from many great writers of the past as well as leading contemporary poets from around the world, ranging from Wordsworth, Clare, Hopkins, Hardy, Rilke and Charlotte Mew to Wendell Berry, Helen Dunmore, Joy Harjo, Denise Levertov, W. S. Merwin and Gary Snyder. This is the first anthology to show the full range of eco-poetry, from the wilderness poetry of ancient China to 21st-century native American poetry, with postcolonial and feminist perspectives represented by writers such as Derek Walcott, Ernesto Cardinal, Oodgeroo and Susan Griffin. Eco-poetry goes beyond traditional nature poetry to take on distinctly contemporary issues, recognising the interdependence of all life on earth, the wildness and otherness of nature, and the irresponsibility of our attempts to tame and plunder nature. The poems dramatise the dangers and poverty of a modern world perilously cut off from nature and ruled by technology, self-interest and economic power. As the world's politicians and corporations orchestrate our headlong rush towards Eco-Armageddon, poetry may seem like a hopeless gesture. But its power is in the detail, in the force of each individual poem, in every poem's effect on every reader. And anyone...
