

Metrics That Matter for Population Health Action: Workshop Summary (Paperback)

By Roundtable on Population Health Improvement, Board on Population Health and Public Health Practice

National Academies Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. In times of rapid change and constrained resources, measures that are important, focused, and reliable are vital. However there is an overabundance of measures available for evaluating various aspects of population health and previous efforts to simplify existing sets to meet the needs of all decision makers have been unsuccessful. The National Academies of Sciences, Engineering, and Medicine convened a workshop to explore the status and uses of measures and measurement in the work of improving population health. Participants explored existing and emerging population health metric sets and characteristics of metrics necessary for stakeholder action across multiple sectors. This report summarizes the presentations and discussions from the workshop.
