Tuttle Publishing, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. This collection of writings from Lafcadio Hearn paints a rare and fascinating picture of pre-modern Japan Over a century after his death, author, translator, and educator Lafcadio Hearn remains one of the best-known Westerners ever to make Japan his home. Almost more Japanese than the Japanese- to think with their thoughts was his aim-his prolific writings on things Japanese were instrumental in introducing Japanese culture to the West. In this masterful anthology, Donald Richie shows that Hearn was first and foremost a reliable and enthusiastic observer, who faithfully recorded a detailed account of the people, customs, and culture of late nineteen-century Japan. Opening and closing with excerpts from Hearn s final books, Richie s astute selection from among over 4,000 printed pages not including correspondence and other writing, also reveals Hearn s later, more sober and reflective attitudes to the things that he observed and wrote about. Part One, The Land, chronicles Hearn s early years when he wrote primarily about the appearance of his adopted home. Part Two, The People, records the author s later years when he came to terms with the Japanese themselves. In this anthology, Richie, more gifted in capturing the essence of a person on the page than any other foreign writer living in Japan, has picked out the best of Hearn s evocations. Select writings include: The Chief City of the Province of the Gods Three Popular Ballads In the Cave of the Children s Ghosts Bits of Life and Death A Street Singer Kimiko On A Bridge.
