The author uses his own unique upbeat style to stress on the fact that compromises need not always to be negative but could lead to something better in life. Blended with just the right amount of fiction, the story reveals how one can turn things around to his/her advantage with positive thinking and the right attitude. It deals with three different periods in the hero s life, each one lived with equal passion and intensity. The secret of life is to believe in what one is doing and give it one s best. Each phase in the hero s life is lived for the moment with no regrets of the past and no fears for the future. There sincerity in the author s thoughts shine through his words. The candidness with which he describes his experiences and the way he relates the story bring home the situations to the reader. The gripping urgency in his style compels one to read from cover to cover.
