This dictionary resolves more than 4,000 broadly used acronyms. It provides concise information, illustrated explanations, and numerous cross-references for the majority of technical terms. Most entries for acronyms that are associated with organizations, corporations, and conferences include Web links. All in all, the book constitutes an encyclopaedic documentation of information and communication technology organized by acronyms. An invaluable reference work for anybody who wants to stay on top of today's fast growing language of information technology. 684 pp. Englisch.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).

-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
