

Kant's Religion Within the Bounds of Mere Reason (Paperback)

By David Mills Daniel

SCM PRESS, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book. Kant's Religion Within The Bounds of Mere Reason was written late in his life, following his most famous works including Critique of Pure Reason and Groundwork of Metaphysics of Morals. In it he considers the consequences of transcendental criticism for theology. Kant identifies a moral core to the Christian faith and asserts that because of that core and because the faith contains a principle for dispensing with the morally extraneous statutes and history associated with it, this faith can count as a moral, world religion. Seen by most philosophers and theologians as one of the most significant texts by this world famous philosopher, understanding is crucial for completion of any basic theology or philosophical qualification.

Reviews

Very useful to all of category of people. I actually have read through and that i am sure that i will likely to go through once more again in the foreseeable future. I realized this book from my i and dad advised this publication to find out.

-- Alta Kirlin

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.
