Brand New Book ***** Print on Demand *****.If it is not scientific, or if it is not a universal truth, or if it is not wisdom, or if it does not unit all people, or if it is not good moral-humane, then it is not free self-thinking-understanding, because free self-thinking is continues thinking to know what is wright and what is wrong to be able to do what is wright to be creative! Being a free self-thinker is a label for an individual, not a group name. It is someone who is in a constant search for the real-truth, the universal truth. And if a universal truth does not exist? Then science cannot exist! Illusions, excuses, and justifications of cognitive dissonance by believers will not resolve the search. That is what you have to understand to be a free self-thinker, to become creative, and to have a healthier mind. That is why a free self-thinker is very proud to be a human, and is able to understand that life is the most precious gift. Life is an experience of a journey of challengers, not a competition. A free self-thinker is capable of distinguishing illusion from reality. A free self-thinker knows believing is not knowing, and there will always be things he or she will not know, and will be eager to learn by free self-thinking.
