

The Asteroids Or Minor Planets Between Mars And Jupiter (Paperback)

By Daniel Kirkwood

Read Books, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.PREFACE. THE rapid progress of discovery in the zone of minor planets, the anomalous forms and positions of their orbits, the small size as well as the great number of these telescopic bodies, and their peculiar relations to Jupiter, the massive planet next exterior, -all entitle this part of the system to more particular consideration than it has hitherto received. The following essay is designed, therefore, to supply an obvious want. Its results are given in some detail up to the date of publication, presents in a popular form the leading historical facts as to the discovery of Ceres, Pallas, Juno, Vesta, and Astraea a tabular statement of the dates and places of discovery for the entire group a list of the names of discoverers, with the number of minor planets detected by each and a table of the principal elements so far as computed. In Part II. this descriptive summary is followed by questions relating to the origin of the cluster the elimination of members from particular parts the eccentricities and inclinations of the orbits and the relation of the zone...
