By Oafish J Rhodes

Lulu.com, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Britain is fine, it s the British who are getting shafted. This is a book about a society defined by unending austerity, sky high unemployment and the total decimation of workers rights. A society in which you can only claim welfare benefits in exchange for sterilisation or assisted suicide, a bleak world in which the British public are taken for every measly penny they earn and then made to feel worthless for being poor. The only person who has any idea how to save us is lying unconscious in a nursing home for the elderly and as he rises like a lion from his slumber, so to do the people of Britain: The many who have nothing versus the 1 who have it all. The Days of Mr Thomas is a speculative fiction set in a not too distant dystopia, tracking the interwoven lives of six people who will ultimately change the country. Originally serialised in Schlock Webzine in 2012-2013 and met with riotous cheering, this is the first time it has been available in its complete form.
