

MeDiCaLeSe 2006 (Paperback)

By S. Elizabeth Dearborn

Blowtorch Press, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.MeDiCaLeSe 2006 evolved from the first place to look for new and elusive medical words, by and for medical transcriptionists. Unrestricted access to the database for one year is included in the price of this book. Our database includes terms that are not found in the standard medical references, such as clinical trial acronyms, herbal remedies, products available only outside the U.S., discontinued drugs, and unapproved cancer therapies. The database has been online since 2001 and is updated daily. This book contains a great deal of technical language and would be of limited use to the layperson. The primary intended audience for this book is the medical transcription community, especially those transcriptionists who do not have internet access while transcribing. Medical students, nurses, doctors, coders, pharmacists, and other health professionals will also find useful information here.

Reviews

It is really an amazing pdf which i actually have possibly read. I really could comprehend almost everything using this published e pdf. Its been printed in an remarkably easy way and it is just soon after i finished reading through this book in which in fact changed me, modify the way in my opinion.

-- Jena Jacobi

This pdf is great. This really is for anyone who statte there had not been a well worth studying. You may like just how the writer compose this pdf.

-- Dr. Freida Leuschke II
