ESKIMO FOLK-TALES (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 180 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. Excerpt from Eskimo Folk-Tales These stories were collected in various parts of Greenland, taken down from the lips of the Eskimo story-tellers themselves, by Knud Rasmussen, the Danish explorer. No man is better qualified to tell the story of Greenland, or the stories of its people. Knud Rasmussen is himself partly of Eskimo origin; his childhood was spent in Greenland, and to Greenland he returned again and again, studying, exploring, crossing the desert of the inland ice, making unique collections of material, tangible and otherwise, from all parts of that vast and little-known land, and his achievements on these various expeditions have gained for him much honour and the appreciation of many learned societies. But it is as an interpreter of native life, of the ways and customs of the Eskimos, that he has done his greatest work. Kununguaq—that is his native name—is known throughout the country and possesses the confidence of the natives to a superlative degree, forming himself, as it were, a link between them and the rest of the world. Such work, as regards its hither side, must naturally consist to a great extent of scientific treatises, collections of facts and specimens, all requiring previous knowledge of the subject for their proper comprehension. These have their great value as additions to the sum of human knowledge, but they remain unknown to the majority of men. The present volume is designed to be essentially a popular, as distinct from a scientific work. The original collection of stories and legends made by Knud Rasmussen under the auspices of the Carlsberg Foundation has never yet been published. In making the present selection, I have endeavoured to choose those which are most characteristic...
