Createspace, United States, 2013. Paperback. Book Condition: New. 232 x 154 mm. Language: English . Brand New Book ***** Print on Demand *****.Are you struggling with patellar tendonitis (Jumper s Knee) and can t seem to make progress in recovering from it no matter what you do? It s not your fault. Keep reading to learn the surprising truth about how you can finally fix this situation. The author s story: Back when I suffered from patellar tendonitis, I thought I was doing everything possible to treat this injury. I was stretching regularly, warming up before games, strengthening my legs, and doing whatever else doctors suggested might help. However, the pain never stopped. Sure, some days were better than others were, but I was still in pain and my athletic performance was severely handicapped. I was frustrated with my lack of progress, and I couldn t believe that for all the effort and dedication I put into my training, I was being punished with pain that was impossible to get rid of. The worst part was that every time I thought I had made progress, the pain returned. The whole experience was so depressing that I almost quit playing my sport. Today, my knees are completely pain-free. I can play my favorite sports and train exercises that are extremely tough on my knees, such as deep single-leg squats, without having to worry about knee pain. I would have never imagined this to be possible. Today, my legs are stronger than before my injury, and the best part is that I know exactly how I can continue to get them into even better shape without any risk. The reason I struggled with patellar tendonitis for so long wasn t my fault. I already knew some of the things I...
