Turtle Point Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. The Short Fall is a rhetorical triumph, a novel about the presidency built architecturally on language and skyscraper sentences, an impressive, high flying debut. --Jonathan Baumbach Possessed of great verve and tremendous inventive muscle, Marek Waldorf offers style and substance to spare in this terrific debut. Calvino's millennial qualities are all here: but especially quickness and lightness and lots of pleasurable multiplicity. I got hits, in reading The Short Fall--an experience, in short, that I highly recommend--of early, rollicking Javier Marias, but also of Gilbert Sorrentino and Harry Mathews too. --Laird Hunt A speechwriter shot during a botched assassination starts to recover powers of speech along with pieced-together memories of the campaign he served and the candidate he helped make president of a bankrupt and volatile republic. The more the narrator remembers the more he suspects that he was the target. A frenzied, lyrical, farcical, anguished monologue on the personal and political. Raymond Chandler once wrote in a letter, It doesn't matter a damn what a novel is about. The only fiction of any moment in any age is that which does magic with words. Marek Waldorf does magic with words in The Short Fall, a multilevel debut novel about a paralyzed speechwriter's relationship to his client, a charismatic presidential candidate named Vince Talbot, and about his own relationship to the written word. The novel, filled with lively effusions of wit and unexpected humor, is at once a non-ideological fly-on-the-wall expose of how campaigns are run and a meditation on writing and creative embellishment. It's an achronological story of recovery, one that emerges slowly like an image on a Polaroid photograph.
