Reviews

The most effective pdf i ever read. it absolutely was writtern extremely flawlessly and useful. I am very easily will get a pleasure of reading through a published book.

(Prof. Vidal Ledner)

INTUITION PUMPS AND OTHER TOOLS FOR THINKING

BRILLIANCE AUDIO, United States, 2014. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. A philosopher of rare originality, rigor, and wit. Jim Holt, Wall Street Journal Over a storied career, Daniel C. Dennett has engaged questions about science and the workings of the mind. His answers have combined rigorous argument with strong empirical grounding. And a lot of fun. Intuition Pumps and Other Tools for Thinking offers seventy-seven of Dennett s most successful imagination-extenders and focus-holders meant to guide you through some of life s most treacherous subject matter: evolution, meaning, mind, and free will. With patience and wit, Dennett deftly deploys his thinking tools to gain traction on these thorny issues while offering listeners insight into how and why each tool was built. Alongside well-known favorites like Occam s Razor and reductio ad absurdum lie thrilling descriptions of Dennett s own creations: Trapped in the Robot Control Room, Beware of the Prime Mammal, and The Wandering Two-Bitser. Ranging across disciplines as diverse as psychology, biology, computer science, and physics, Dennett s tools embrace in equal measure light-heartedness and accessibility as they welcome uninitiated and seasoned listeners alike. As always, his goal remains to teach you how to think reliably and even gracefully about really hard questions. A sweeping work of intellectual seriousness that s also studded with impish delights, Intuition Pumps offers intrepid thinkers in all walks of life delicious opportunities to explore their pet ideas with new powers.
