

Einstein Explained: As Explained by Lorentz (Paperback)

Filesize: 8.09 MB

Reviews

It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Jaclyn Johns DDS)

EINSTEIN EXPLAINED: AS EXPLAINED BY LORENTZ (PAPERBACK)

Mount San Antonio College/Philosophy Group, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I have had the wonderful privilege of introducing Einstein s theory of relativity to thousands of college students in my Introduction to Philosophy courses at Mt. San Antonio College and in my upper division course on Science and Religion at California State University, Long Beach. Although Einstein s concept is difficult to grasp at first, given enough time and study it becomes easier to understand over time. In this regard, I have always found Hendrik Lorentz s popular introduction to the subject very helpful. It is for this reason that the MSAC Philosophy Group has republished his small booklet in an inexpensive paperback. It is my hope that all my students (past and future) can benefit from a close reading of this remarkably insightful text.
