iUniverse, United States, 2007. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. Goin Up And Lookin Down relates true stories of learning to fly, tackling a taildragger, stupid things pilots do, and the author s flying friends, acquaintances, and loved ones. A sometimes serious, sometimes goofy, sometimes humorous book about flying, airplanes, pilots, airports, plane people, and plane stuff. Anyone who loves flying or just has a fleeting interest in the subject will enjoy this book. Be careful though, you may find yourself trying to fly the chair you re sitting in and tip over. Lynn Pinson recalls exciting stories about flying machines and the people who fly them. He writes with a masterful mind and unique style very similar to that of Will Rogers. A great read! Dr. Cal Hunter, author of Evidence of Intelligent Design in Human Physiology.
