University Renditions: authoritarian and democratic social origin and Weber's The Protestant Ethic and the Spirit of Capitalism . Durkheim On suicide tied for the three masterpieces of 20th century social science is a popular political science historian intellectual masterpiece of European and American culture. University Renditions: authoritarian and democratic society Origins investigated three different countries in the world in the 20th century into the modern political road: in Britain. France. the United States. on behalf of the Western path of democracy; Second. as in Germany. Japan. Italy the behalf of Fascism road; Third. the former Soviet Union and China as the representative of the communist road. Moore book from a historical perspective reveals the origins of dictatorship and democracy. and he decided that landowners and farmers in the thoroughness of the process of commercialization of agriculture in the various social. commoditization changes in social roles. a country select parliamentary democracy. fascism. or communism road. In addition. Moore is also emphasized in this book is the point of view of democracy to the existence and development of the conditions put forward the growth of the middle class. This masterpiece. although controversial. but its landmark status can not be denied that. Contents: The first part of the capitalist democratic revolution origin of the first chapter of the United Kingdom and violence for gradualism. Rural nobility driving force behind the process of transformation to capitalism. Civil War Agriculture enclosure movement and the peasant class destruction capitalist aristocracy to victory in the evolution and revolution of France. differences and its root causes. aristocracy agricultural commercialization reaction. royal despotism class relations. Noble...
