

The Republican Dilemma: Conservatism or Progressivism (Classic Reprint) (Paperback)

By Conrad Joyner

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Republican Dilemma: Conservatism or Progressivism The acceptance of modern Republicanism is painful for many Republicans, but it is part of the process in regaining majority party status. Republicans have not been able to reclaim all the glory that was once theirs. This, in part, results from the fact that the conversion to modern Republicanism is not complete. Nostalgic and passionate references to the past keep reappearing. The conservatives do not die or even fade away. Rather, they have gained prominence and been nurtured by the handsome and articulate junior senator from Arizona, Barry Goldwater. This man and his followers will make certain that the great party battles which occurred when Willkie and Eisenhower were nominated will be re-enacted with different casts at future Republican conventions. There are some who contend that the party members do not know what has happened to them that they are modern Republicans. The recent recollections of Willkie's nomination and the indication by political observers (such as Kenneth Crawford of Newsweek and the editors of the New Republic) that the Republicans are looking for another...

Reviews

A fresh e-book with a brand new perspective. This is certainly for anyone who states that there had not been a really worth reading. I am just happy to explain how this is the very best publication I have gone through in my individual lifestyle and may be the best pdf for ever.
