Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which it basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

Harvest Books. Paperback. Book Condition: New. Paperback. 368 pages. Dimensions: 8.0in. x 5.3in. x 0.8in. A galvanizing story of earthly heartbreak and otherworldly triumph, by the writer John Updike called one of the most interesting American novelists at work. Its the spring of 1877 in Washington, D. C. , and at the U. S. Naval Observatory, Hugh Allison's plan to project an image through time and space takes on urgent life when the mathematically gifted Cynthia May enters his orbit as one of the observatory's human computers. But the fate of Hugh's heavenly vision-and of his love affair with Cynthia, a Civil War widow whose beauty has been shadowed by worry and poverty-may be out of his hands, decided instead by an astrologer and by the actions of a dangerously magnetic politician. Thomas Mallon's moving romance mixes actual historical figures with fictional ones. By combining earthly matters-such as politics and money-with heavenly ones of love and immortality, Mallon evokes a distant time and place with astonishing immediacy and confirms his place as one of our most original and delightful writers. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
