James Clarke Co Ltd, United Kingdom, 2016. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book. Liminal Reality and Transformational Power explores, draws together, and integrates the many facets of liminality, and informs our understanding of liminal phenomena in the world. Through anthropology, sociology, theology, neurology and psychology, Carson correlates exterior transitions with their corresponding intra-psychic movements and points toward useful methods that contribute to personal and social transformation. In this revised edition, Carson has recognised the resurgence of liminality, and addresses the social transitions that are prevalent today in communities around the world. He examines the identity of the liminal person and highlights the role of ritual leaders and religious professionals as they guide people through liminal time and space. Carson s work greatly contributes to an expanded understanding of the complex dimensions of religious leadership and provides useful insight into our intra-psychic processes during the significant transitional stages in life.
