PREFACE: This book should be valuable in dealing with personality problems. It should help young people to understand themselves, and should be a resource to parents and teachers, and to all others who deal with children and youth. We must teach youth to face calmly the facts, the tasks and difficulties of actual, everyday life and to master them, for it is not a cold abstract theory or a world-forgetting ideal morality which we are called upon to transmit to the new generation. Which means, at the same time, that we must show how one can recognize, understand, and master ones own peculiarities, ones own tasks and diffi culties. We must teach the art of growing up. That the practical way of overcoming personality problems is always at the same time also the ethical way may be a fact tremendously important from philosophical and religious points of view. For the present we cannot let it be a determining factor in our psychological problem. Young people are not able, as a rule, to make the right decision so long as they perceive moral rightness only on theoretical grounds. It is true, however, that they learn quickly and simply to take the usable way as soon as they have come to the conviction that here, in this con crete specific case, it is the only possible, practical way out In this book only facts and their connections have been set forth, and certain practical inferences have been pointed out. Everything else, the discussion of the premises and the development of the point of view philosophically., must be left to the reader. We can...
