The importance of Blue Knight s secret alternate identity relationship to Roger was clear. While Blue Knight Roger never forgot this, they did not dwell on it. The connection had not been a problem and they had much else to occupy them. Furthermore, Blue Knight was fully protected by his plastinium armor, and they had been successful in hiding any link to Roger. Any effort to discover an alternate identity for Blue Knight would require careful study and significant guesswork. In the end, there could be no definite conclusion to justify an action. That might be viewed differently depending on the potential rewards. Tony Paisano was eager to restore the glory days of Al Capone in Chicago. He was convinced of the calling because he believed he was a descendant in the lineage of Capone. Tony was committed to the drastic actions that would be necessary. It was a course certain to present a confrontation with Blue Knight. Tony made every effort to be ready . even to the extent of finding a way to bring the knight down. Success would facilitate his efforts to restore the grandeur of Capone. In addition, he would be lauded and remembered for being the slayer of superheros.
