OPEN UNIVERSITY PRESS, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book. I like the way the author spends time on the background to and planning of qualitative research, rather than leaping straight into methods, which is what students tend to do! Descriptions and explanations of theoretical and practical aspects of qualitative work are combined well at a level that will engage students and professionals alike. The chapters on methods of qualitative data collection in particular are comprehensive awith many helpful practical tips. This book offers a clear, no-nonsense approach that will be invaluable to students and...
