Creative Ideas is just as inspirational and insightful today as when it was first published over 30 years ago. Those familiar with Ernest Holmes writings and the Science of Mind principles that he espoused will enjoy the long anticipated reunion with some of their favorite passages; those who are new to them will delight in the discovery of these classics of New Thought. All readers will find Holmes meditations to be practical, insightful, and more than satisfying food for the hungry soul. Matthew Fox, PhD: These prayers ennoble the soul and enable one's work in the world as well, drawing as they do on deep sources of Scriptural wisdom and the quiet insight of a great heart, that of Ernest Holmes. They awaken us and empower us to put joy before sorrow and affirmation ahead of negativity and truth before denial. Great medicine for our times! Jean Houston, PhD: Ernest Holmes was one of the first to direct us to what is to be found in the vast ecology of inner space . . . He shows us how to be active and creative citizens in a Universe and Inniverse richer than all previous imaginings. Julia Cameron: Creative Ideas hands us the keys to the kingdom. We are wealthy and beautiful beyond our dreams. This tiny book of prayers will open your heart to its natural generosity toward life. We are each far more than we imagine, and becoming that more is what these small prayers will bring about.
