From almost the beginning of state-sponsored navies, piracy suppression has been one of their major responsibilities when Julius Caesar was captured by pirates in 76 BCE, the first thing he did after paying the pirates ransom and being released was to fit out a squadron of ships to take his revenge. Despite piracy's importance and the continued frequency of piratical attacks, however, relatively few scholarly works have been written analyzing cases of modern piracy and piracy suppression in terms of varying strategic, policy, and operational decisions. This edited collection of case studies attempts to fill this gap. There have been a number of important historical studies that have dealt with the subjects of piracy and piracy suppression. Books written from the point of view of those wishing to end piracy have tended to focus on legal issues, including the rights of victims, the procedures and decisions of Admiralty courts in punishing pirates, and the capture of piracy ships as prizes. Others have looked at the existence of piracy in terms of one particular place or time period, with the Barbary Coast and the Caribbean Sea claiming disproportionate shares of attention. At the turn of the eighteenth century, the Royal Navy was primarily responsible for using force to suppress piracy. British privateers continued to roam the seas, preying on Spanish gold. However, several changes in British maritime legal practice made a renewed fight against piracy possible. On 13 October 1696, Sir Charles Hedges, judge of the High Court, revised Admiralty law so that pirates could be punished anywhere: Now piracy is only a sea term for robbery, piracy being a robbery committed within the jurisdiction...
