

## The Gene Trap: A Sequel to No Known Species

By Stephen N Berberich

Xlibris, Corp. Paperback. Condition: New. 358 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. Change is inevitable and it is coming to the modern world as it had for a thousand centuries. A mysterious force, hidden in the shadows of the cosmos, holds sway over the destiny of all living things, and the final chapter for mankind is about to be written. A superior species, borne of humans, is poised to assume dominion over the Earth. Enter The Gene Trap. This manuscript is the second in a series of techno-thrillers by Dr. Stephen Berberich. Similar in story line to a Michael Crichton novel, the books plot depicts the struggle of contemporary man in his effort to avoid the inexorable consequences of evolution. As the story unfolds, John Lynch and his girlfriend, Gigi Thompson, are on their way to Pittsburgh to begin their new careers, John as a medical intern and Gigi as geneticist at the prestigious Hawthorne Institute. Though they remain perplexed by the mysterious disappearance of their best friends, Peter Gault and Kate Donavon (main characters of Berberich's first novel, No Known Species), John and Gigi find themselves consumed by the rigors of their new positions. The last thing they need...
