

## Dividend Investing Explained in Less Than 45 Pages: A Guide for New Investors (Paperback)

By Lori O Dette-Robinson

Weblori, United States, 2013. Paperback. Condition: New. Scott R Strub (illustrator). Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book was written to provide the basic knowledge and tools necessary for the average person to open an account with a brokerage firm, whether in person or online, with the intent purpose to invest in the stock market. This book will provide information specific to understanding the difference between dividend paying stocks and non-dividend paying stocks. This book is also intentionally written to stay under 50 pages. It is my experience that many readers are very busy and do not always have the time to read a 300-400 page average sized guide book. My intention is to provide a good base of knowledge and also provide additional knowledge resources that are free online.

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

*-- Prof. Kirk Cruickshank DDS*

*This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.*

*-- Justus Hettinger*
