

Mental Zoo: Animals in the Human Mind and its Pathology (Paperback)

By -

Taylor Francis Ltd, United Kingdom, 2014. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book. Salman Akhtar and Vamik Volkan s dynamic book, Mental Zoo, takes the reader on a panoramic tour illuminating the rich world of animals in human experience. Here Freud s rats, wolves, and horses join our own cats and dogs to meet snakes, spiders, birds, and cockroaches. With an engaging blend of whimsy and erudition, the contributors describe the feelings, fantasies, dreams, nightmares, and delusions that animals evoke in us all. Detailed clinical examples capture the richness of the intrapsychic and interpersonal places that animals inhabit in our psyches. The book encompasses the role of animals not only in normal development and psychopathology, but also in history and mythology. Mental health professionals will listen to their patients with new sensitivities after Mental Zoo introduces them to this fascinating menagerie. - Alex Hoffer, MD, Associate Clinical Professor of Psychiatry, Harvard Medical School, Training and Supervising Analyst, Psychoanalytic Institute of New England This book, a psychoanalytic study of the role played by animals in the human mind, is a huge contribution to the understanding of a segment of mental life never before studied in such depth...

Reviews

Excellent electronic book and valuable one. Better then never, though i am quite late in start reading this one. I am very easily can get a delight of studying a written book.

-- Anastacio Kreiger DDS

This ebook is amazing. It typically will not price excessive. I discovered this pdf from my dad and i recommended this publication to learn.
