Leavell, The national push for early learning is no longer about preschool alone, but rather about strategic planning to increase achievement by working with communities to establish a strong Key Stages 1 and 2 foundation. Drawing on their success in building a PreK - 3 system in the Bremerton, WA school district and their work with schools across the USA, the authors provide education professionals with a field-tested, step-by-step road map that can be adapted for your own community and school district. Essential topics in this book include: identifying the needs of families and children; aligning resources, curriculum, instruction, and assessment; establishing key players; training staff; developing a plan for implementation; instituting professional learning communities; anticipating potential challenges; and celebrating successes. This book shows head teachers and early childhood professionals, as well as county officials, Education Officers, Head Start programmes, and Title I directors, how to provide all children with access to high-quality educational experiences in and before Reception and link early childhood standards and goals to the Key Stages 1 and 2 systems.
