LA CRISE DE L AERONAUTIQUE FRANCAISE (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Il y a un mois a peine, on pouvait se demander si nous avions perdu l'empire de l'air ? La France, berceau des Mongolfier, des Pilatre de Roziers, des Meunier, des Giffard, des Dupuy de Lome, des Charles Renard, pour ne parler que des morts, considerait depuis plus d'un siecle l'atmosphere comme un domaine qui devait lui appartenir un jour. Si la conquete de l'air a de tous temps preoccupe l'humanite, notre pays a joue le role principal dans les entreprises qui ont ete tentees depuis la fin du XVIIIe siecle pour faire de ce reve longtemps caresse une realite tangible; il semblait donc evident a tous nos compatriotes que le jour ou l'on serait parvenu a evoluer a son gre au sein de l'atmosphere, ce seraient les aeronefs francais qui, par leur nombre, leur importance, leurs qualites nautiques, occuperaient la premiere place, et que dans l'ocean aerien les Francais pourraient se considerer comme chez eux au meme titre que les Anglais a la surface de l'ocean maritime. Il ne faut donc pas s'etonner si, a l'automne de 1909, en apprenant qu'il y avait dans le monde une flotte aeriennne qui pouvait deja passer pour superieure a la notre, nous avons eprouve une deception cruelle et de patriotiques inquietudes. Elles etaient d'autant plus justifiees, que les navires aeriens de nos voisins d'outre-Rhin etaient des engins de guerre; ce n'etait donc pas un simple froissement d'amour-propre que nous devions eprouver, mais des craintes serieuses de voir notre armee inferieure sous ce rapport a l'egard de l'Allemagne.
