## Fast Facts: Bleeding Disorders (Paperback)

By David Green, Christopher A. Ludlam

Health Press Limited, United Kingdom, 2013. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. Most hemorrhagic problems are emergencies, requiring rapid diagnosis and prompt management to stop bleeding. In some cases, such as nose bleeds, large bruises and heavy menses, it is the clinician s responsibility to discern whether the patient has a clinically significant bleeding disorder that may predispose to excessive or potentially serious bleeding. Fast Facts: Bleeding Disorders keeps a complex subject simple and clinically oriented. The authors have made numerous updates to this second edition to ensure it provides essential information in a readily accessible format. Highlights include: - An expert overview of normal hemostasis - A clear assessment pathway, from taking an accurate history and focused clinical examination, to essential laboratory investigations - Objective criteria for diagnosing hereditary hemorrhagic telangiectasia - The latest guidelines on diagnosing and treating primary immune thrombocytopenia - A discussion of the benefits of prophylaxis in patients with hemophilia - Updated methods for evaluating and treating bleeding disorders in pregnancy - An overview of the scoring system for disseminated intravascular coagulation - Information on the latest anticoagulants and antithrombotics, including bleeding risks and strategies to control bleeding. Fast Facts:...
