## Moon Observer s Guide (Paperback)

By Peter Grego

FIREFLY BOOKS, 2016. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. Since publication of the first edition of this book, we have enjoyed more than a decade of new readings and images taken by shuttles, rovers, and the Hubble Telescope. Each time they have passed by, orbited, and landed on the Moon we have accumulated an incredible amount of data about our satellite and about the rest of the galaxy. In the same period, stargazing technology has advanced to an unprecedented level of sophistication. Even basic low-tech binoculars and telescopes permit astounding views of the night sky. In clear language and with full color photographs and illustrations throughout, this second edition of Moon Observer s Guide has been updated and revised throughout to incorporate these exciting advances, including more than 20 new images and information about new digital imaging techniques and technology, such as DSLR (digital single lens reflex) cameras, webcams, and mobile apps. The updates also include the latest science garnered from lunar probes and missions recently and currently exploring the Moon. The topics include: The birth of the Moon The Moon s orbit Moonlight Guidelines for choosing binoculars and telescopes Ways of recording observations Digital...

### Reviews

*It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.*

*-- Doyle Schmeler*

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*
