Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Use This Incredible Guide As A Light On Your Path To Overcoming Social Anxiety, Radiating Confidence, Conquering Fear! This book contains steps and strategies on how to leverage your strengths as an introvert while being able to improve upon the weaknesses and self-doubts that riddle you with fear, anxiety, and stress. Introversion is a major personality trait recognized in various personality theories. People who have this personality are known as introverts, and they tend to focus more on internal moods, feelings, and thoughts, instead of searching for external stimulation. Introverts are typically more reserved, introspective and quiet. Unlike extroverts, who tend to gain more energy when they are in a social setting and when they interact with others, introverts tend to lose most of their energy when they are in a social situation. This is the main reason why they feel the need to recharge after attending a party or a social function. There is much more to being an introvert than just staying quiet and spending time alone within the four walls of your room. In fact, some of the greatest writers, artists, and most successful people in history, are self-proclaimed introverts. If you are an introvert, then learning how to tap into your creativity and the brilliance of your mind is what it takes to achieve success. Your mind is home to the most creative thoughts, and you can display these for the whole world to see by overcoming your social anxiety, radiating confidence, and conquering your fears. Here s A Preview Of What You ll Learn- The Power That Introverts Have. Power That Must Be Tapped Into!- How To Overcome Solitude- How To Overcome Social Anxiety!- How To...
