LOOSE LEAF FOR LAUNCHING THE IMAGINATION

McGraw-Hill Education, 2018. Loose-leaf. Condition: New. 6th ed.. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. New and better than ever, Launching the Imagination treats design as both a verb and a noun--as both a process and a product. Design is deliberate--a process of exploring multiple solutions and choosing the most promising option. Through an immersion in 2-D 3-D and 4-D concepts students are encouraged to develop methods of thinking visually that will serve them throughout their studies and careers. Building on strengths of the previous five editions Launching the Imagination 6e is even more: Concise. Content has been refined so that maximum content can be communicated as clearly and concisely as possible.Colorful. In addition to the full color used throughout the book, the writing is livelier than that in most textbooks. Analogies expand communication, and every visual example has been carefully selected for maximum impact.Comprehensive. Launching the Imagination is the only foundational text with full sections devoted to critical and creative thinking and to time-based design. The photo program is global, represents a myriad of stylistic approaches, and prominently features design and media arts as well as more traditional art forms.Contemporary. More than half of the visual examples represent artworks completed since 1970, and over 100 represent works completed since 2000Compelling. Interviews with exemplars of creativity have always been an important feature of this book. Three of the best past profiles have been revised and a new profile has been added. Now inserted into the body of the text, each interview deliberately builds on its chapter content. In Chapter Five, designer Steve Quinn describes the seven-step sequence he uses in developing websites, logos, and motion graphics. In Chapter 8, Jim Elniski...
