Pathogenic Micro-Organisms: A Text-Book of Microbiology for Physicians and Students of Medicine (Classic Reprint)

By Ward J MacNeal

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Pathogenic Micro-Organisms: A Text-Book of Microbiology for Physicians and Students of Medicine This volume is the outgrowth of an attempt to revise the well-known Williams Manual of Bacteriology, undertaken at the invitation of the Publishers, Messrs. P. Blakiston s Son and Co., very cordially seconded by Dr. Williams, who kindly placed the material of the previous editions at my disposal. The text has been very largely rewritten and the order of treatment considerably altered. Many of the illustrations of Dr. Williams have been retained and, as they have not been acknowledged in the legends, I wish to express my special obligation for them in this place. The book is intended as an introduction to the study of pathogenic micro-organisms and is designed especially for the use of physicians and students of medicine. During the past decade, the parasitic protozoa have assumed an importance which places them almost on a par with the bacteria as pathogenic agents, and the extension of bacteriological methods to the study of molds, yeasts, filterable viruses and protozoa has tended again...

Reviews

This kind of pdf is every thing and made me seeking ahead plus more. It is probably the most amazing ebook i have study. I am quickly can get a enjoyment of reading a composed pdf.

-- Florence Rutherford DDS

Definitely among the best ebook I actually have possibly read through. It is really simplified but unexpected situations in the 50 % from the publication. You wont truly feel monotony at any time of the time (that's what catalogues are for concerning in the event you ask me).
