Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

NO MONKEYS, NO CHOCOLATE

Charlesbridge. Hardcover. Book Condition: New. Nicole Wong (illustrator). Hardcover. 32 pages. Dimensions: 11.1in. x 8.6in. x 0.3in. Everyone loves chocolate, right? But how many people actually know where chocolate comes from? How is it made? Or that monkeys do their part to help this delicious sweet exist? This delectable dessert comes from cocoa beans, which grow on cocoa trees in tropical rain forests. But those trees couldn't survive without the help of a menagerie of rain forest critters: a pollen-sucking midge, an aphid-munching anole lizard, brain-eating coffin fly, and maggots—they all pitch in to help the cocoa tree survive. A secondary layer of text delves deeper into statements such as "Cocoa flowers can't bloom without cocoa leaves . . . and maggots," explaining the interdependence of the plants and animals in the tropical rain forests. Two wise-cracking bookworms appear on every page, adding humor and further commentary, making this book accessible to readers of different ages and reading levels. Back matter includes information about cocoa farming and rain forest preservation, as well as an author's note. This item ships from multiple locations. Your book may arrive from Roseburg, OR, or La Vergne, TN. Hardcover.
