Excerpt from Representative Plants a Manual for the Use of Students, of Botany in Secondary, Schools and Colleges. In the judgment of the author the study of plants ought to begin with the seed plants, as these forms are more or less familiar to the student and, therefore, appeal to him as something not altogether strange. They have a further hold upon him...

Reviews

This ebook is great. It is definitely basic but shocks from the 50 percent of your publication. Its been printed in an exceedingly basic way and it is only right after i finished reading this book where basically changed me, modify the way in my opinion.

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
