

Politics and Neo-Darwinism: And other essays (Paperback)

By Tom Rubens

IMPRINT ACADEMIC, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. This collection of essays is eclectic, covering certain political, ethical, cultural and philosophical topics. But running through all the material is the evolutionary-naturalistic perspective stated in the opening essay, which gives the book its title. Another emphatic feature is a focus on the Western cultural outlook, as the context in which the large number of topics is viewed. This focus is important as a way of re-affirming the distinctive character of Western intellectual and cultural history, at a time when that character is, arguably, not sufficiently recognised and appreciated. Authors referred to include Aristotle, Shakespeare, Voltaire and Sartre.
