The ancient Hebrew prophet Daniel lived in the fifth century BC and accurately predicted the history of the nation of Israel from 536 BC to AD 1948. He also predicted the date of the death of the Messiah to occur in AD 32, the date of the rebirth of the nation of Israel to occur in AD 1948, and the Israeli capture of the Temple Mount to take place in AD 1967! Commentary from the ancient rabbis and the first century church reveals how the messianic rabbis and the disciples of the apostles interpreted his prophecies. Daniel also indicated where the Antichrist would come from, where he would place his international headquarters, and identified the three rebel nations that will attack him during the first three-and-a-half years of the Tribulation.
