

The Drucker Lectures: Essential Lessons on Management, Society and Economy

Filesize: 2.64 MB

Reviews

A superior quality book and also the font employed was fascinating to learn. I could possibly comprehend almost everything using this created e publication. You wont sense monotony at at any time of your respective time (that's what catalogs are for about should you ask me).

(Lucile Morisette)

THE DRUCKER LECTURES: ESSENTIAL LESSONS ON MANAGEMENT, SOCIETY AND ECONOMY

McGraw Hill Education, 2010. Softcover. Condition: New. First edition. Previously unpublished talks from the Father of Modern Management Throughout his professional life, Peter F. Drucker inspired millions of business leaders not only through his famous writings but also through his lectures and keynotes. These speeches contained some of his most valuable insights, but had never been published in book form?until now. The Drucker Lectures features more than 30 talks from one of management`s most important figures. Drawn from the Drucker Archives at the Drucker Institute at Claremont Graduate University, the lectures showcase Drucker`s wisdom, wit, profundity, and prescience on such topics as: * Politics and economics of the environment * Knowledge workers and the Knowledge Society * Computer and information literacy * Managing nonprofit organizations * Globalization During his life, Drucker well understood that over the last 150 years the world had become a society of large institutions?and that they would only become larger and more powerful. He contended that unless these institutions were effectively managed and ethically led, the good health of society as a whole would be in peril. His prediction is unfolding before our eyes. The Drucker Lectures is a timely, instructive book proving that responsible behavior and good business can, in fact, exist hand in hand. Table of contents Part I 1940s 1. How Is Human Existence Possible? (1943) 2. The Myth of the State (1947) Part II 1950s 3. The Problems of Maintaining Continuous and Full Employment (1957) Part III 1960s 4. The First Technological Revolution and Its Lessons (1965) 5. Management in the Big Organizations (1967) Part IV 1970s 6. Politics and Economics of the Environment (1971) 7. What We Already Know about American Education Tomorrow (1971) 8. Claremont Address (1974) 9. Structural Changes in the World Economy and Society as They Affect American...
