Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Text Book of Abdominal Surgery: A Clinical Manual for Practitioners and Students IT is sometimes of advantage to systematise our knowledge of an advancing art, especially when it is one of recent and rapid growth. This has been the case with the Art of Surgery as applied to the Abdomen. It may be said that before 1860 abdominal surgery was unknown, or at least was universally condemned. For the next fifteen or twenty years it was almost entirely confined to the removal of tumours of the ovaries and it was not until about the year 1880 that operations on other abdominal organs became at all general. Now, such operations have been performed on every organ in the abdomen. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
