Tantrikster Press. Paperback. Condition: New. Ed Rihacek (illustrator). 194 pages. This update of tantra for the 21st century manages to be snappy and cutting-edge at the same time it remains faithful to the profound truths of an infamously renegade spiritual tradition. For over a thousand years, Tantra has shocked, scandalized, and yet continually infiltrated and revitalized the most ancient philosophies and religions of the world. In this little volume, you will learn why -- and discover how it is even more relevant than ever in this period of drastic transformation and change. The principles of tantra lie at the heart of yoga, alchemy, Buddhism, holistic medicine, and sexuality, and clarify the central dynamic that faces humanity as we attempt to attain a new planetary consciousness -- one that promises to move us beyond linear time, three-dimensional space and confines of causality! She questions, chides, and pushes for more clarification and helps forge a new, cutting edge formulation of the timeless truths -- providing an entertaining and edgy interpersonal drama. Part II of the book applies the principles of tantra to the various realms of 21st century life: Health and the how the inner relationship between masculine and feminine expresses in disease, interpersonal relationships and the challenge of moving beyond violence, solutions to environmental crises (especially Permaculture), socialpoliticeconomic dilemmas and their resolution, and the spiritual centrality of play and pleasure....
