Bloomsbury Publishing PLC, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. In Encyclopedia Paranoiaca, master satirists Henry Beard and Christopher Cerf have assembled an authoritative, disturbingly comprehensive, and utterly debilitating inventory of things poised to harm, maim, or kill you all of them based on actual research about the perils of everyday life. Beard and Cerf cite convincing evidence that everyday things we consider healthy eating leafy greens, flossing, washing our hands are actually harmful, and items we thought were innocuous drinking straws, flip-flops, neckties, skinny jeans pose life-threatening dangers. Did you know that nearly ten thousand people are sent to AE each year because of escalator accidents? And if you re crossing your legs right now, you re definitely at serious risk. Hilarious, insightful and, at times, downright terrifying, Encyclopedia Paranoiaca brings to light a whole host of hidden threats and looming dooms that make asteroid impacts, planetary pandemics and global warming look like a walk in the park (which is also emphatically not recommended).
