FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Louisiana Conservationist, Vol. 12: July-Aug.-Sept., 1960 A buffer of trees in a strip 300 feet wide has been left standing around the inside edge of the lake, about 150 feet from the levee. This provides protective cover for small fish, and serves as a windbreak for the levee. Two additional strips of trees were left standing across the lake for the same reasons. Elsewhere in the reservoir, all trees above six inches in diameter were cut and removed. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
